JAL SHAKTI ABHIYAN- WORLD WATER DAY 23/03/2021

Symbiosis School of Planning, Architecture and Design, Nagpur has Celebrated WORLD WATER DAY on 22nd March 2021 through virtual Online Mode.

Deputy Director Dr. Nandini Kulkarni promote the activity “Rainwater Harvesting on top of Building Structures” to the students which is proposed for Jal Shakti Abhiyan under EBSB.

Deputy Director Dr. Nandini Kulkarni gave information about importance of “Rainwater Harvesting on top of Building Services” to the student. The action plan which was explained to the students as Rainwater Harvesting happen to be important part of services to be provided to every building structure.

Case studies for Rainwater Harvesting at individual residential building and commercial building had shown to students.

Hence, students were directed to make plan of the rainwater harvesting method and to study the report which will promote the rain water harvesting. Students were also asked to support and guide other people in society about rain water harvesting methods.

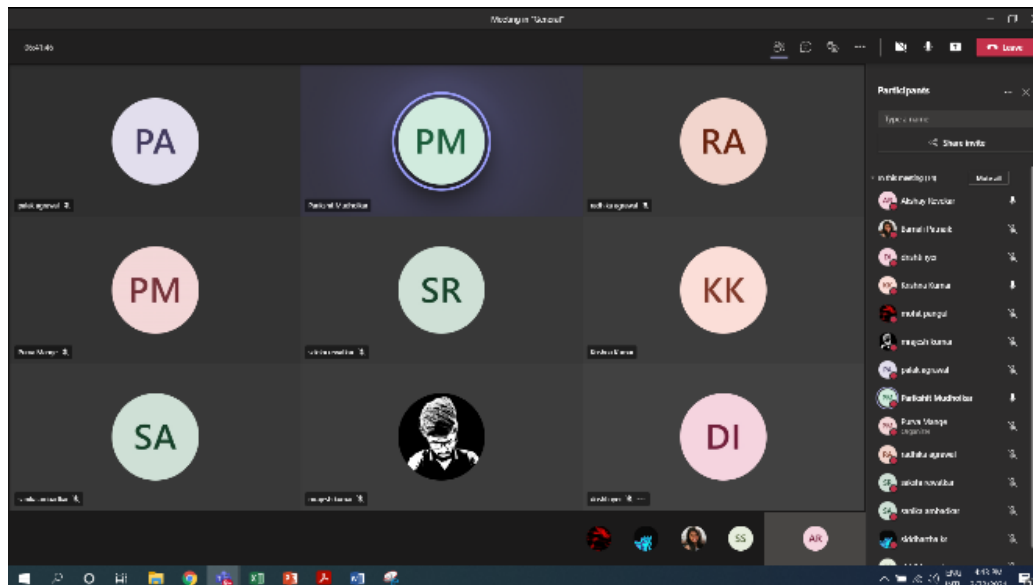

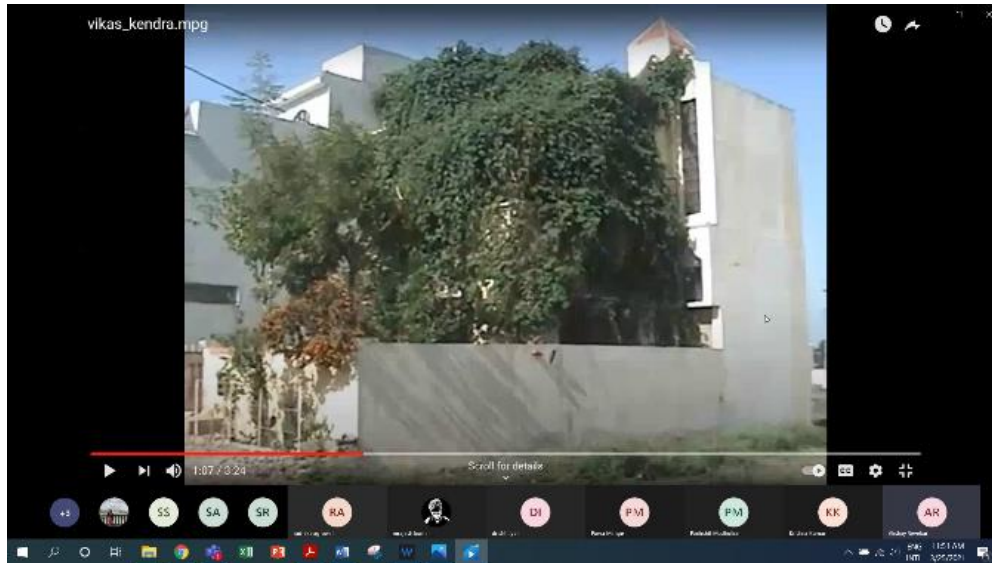

The session was also delivered by Mr. Akshay Revekar, Assistant Professor who presented a live case study on Rainwater Harvesting on Building Services in Global level and local Level. Around 14 Students along with 3 faculty members participated in the workshop. After the session of Mr. Akshay Revekar, every participant shared their thoughts and message towards Rainwater Harvesting on top of Building Structures. Visiting Faculties Mr. Parikshit Mudholkar and Mr. Krishna Kumar gave their valuable ideas for Rainwater Harvesting through dialogues in order to promote awareness
