(Whether the objectives were achieved and an inclusive environment was created?)
(max 50 words)

The objectives were largely achieved, as students gained valuable insights about the internship, and gains,. However, the experience could have been more comprehensive with practical demonstrations. An inclusive environment was fostered through interactive discussions and question answer round ensuring all students get what they are looking for.

In conclusion, students expressed their gratitude to the Placement Committee for coordinating the entire event, to all the junior attendees, and especially to the seniors for sharing their valuable experiences with us.
